

Académie Lafayette Wellness Program Snack & Party Food Policy

Updated May 11, 2015

This program was implemented in response when the U.S. Congress passed the Child Nutrition and WIC Reauthorization Act. This act required that “all school districts with a federally-funded school meals program develop and implement wellness policies that address nutrition and physical activity by the start of the 2006-2007 school year.” These wellness policies promote a healthy school environment and work toward countering the increase in obesity and chronic diseases.

To increase and continue our compliance with this Act, please review the policy below. This is effective immediately and will be enforced by each classroom. We are dependent on your cooperation and compliance with this Federal Act and are grateful for your support. In addition to the party/snack policy, we would also like to stress the importance of physical activity and sports in the overall management of our children’s health.

In order to provide the safest environment for all our students, any shared foods or drinks must be free of all known classroom allergens; known allergens will vary from class to class, please check with the school nurse or the teacher to verify what the allergen concerns are for your child’s class. Any shared foods must be brought to school individually wrapped with a manufacturer’s label to refer to for a list of ingredients and food warnings. **Foods without labels and/or home-baked goods will not be served.**

Sincerely,

Mr. Elimane MBengue and the Administration Team of Académie Lafayette

Holiday Parties and Monthly Birthday Parties: Monthly Birthday Parties will be held on the last Friday of each month, with summer birthdays being celebrated in the month of May. Holiday Parties will be scheduled by Academie Lafayette and coordinated by room parents with the teachers. Any foods for parties should be brought to school Prior to 10am to give staff time to review the labels. During all parties healthy snack choices are strongly encouraged. The coordination of snacks will be the responsibility of the room parent and the teacher. All snacks must still follow the guidelines for food safety: individually wrapped, in the original packaging with the manufacturer’s label, and free of any known allergens. No home-baked goods.
